

## Quality Policy Statement

The business activities of Eco-Oil Ltd can be summarised as “Fuel Trading and the Collection of Oil Related Wastes for Recycling or Disposal” and this policy is mandatory for all locations and activities within Eco-Oil Ltd.

It is the policy of Eco-Oil Ltd to satisfy the needs and expectations of its Customers, to comply with applicable statutory and regulatory requirements and to ensure the continual improvement of its overall performance.

Eco-Oil Ltd aims to improve its operational efficiency and profitability, whilst maintaining and continually improving the levels of customer satisfaction through the implementation of a quality management system. This will provide a framework for establishing and reviewing quality objectives and enable us to maintain a structured and consistent approach to business.

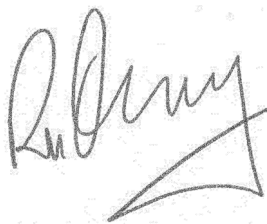

To achieve these aims we have implemented a quality management system which satisfies the requirement of ISO 9001:2008. Our quality management system forms a part of the Company's integrated management system.

Adherence to this Quality Policy involves all of the Company's activities, products and services, and their effects.

### **We shall ensure that:**

- o This Quality Policy is understood, implemented and maintained at all levels in the Company.
- o This Quality Policy forms the basis for the setting and publication of our quality objectives.
- o This Quality Policy is communicated to all employees.
- o This Quality Policy is publicly available.

The Managing Director has the ultimate responsibility for the effective operation of the quality management system and ensuring a commitment to its continual improvement and will regularly review this Quality Policy, and its practical implementation, to ensure it remains adequate and current in line with applicable standards and requirements.
